Charles L.A. Terreni
Chief Clerk/Administrator

RECEIVED
2009 AUG 19 10 40 AM
OFFICE

In the letter to Elizabeth Ford last Dec. 12, 2008, I ask for an extension for 90 days in receiving information to be filed with the Public Water Service Commission. I do not have all this information at this time. I have been trying for 2 months to get a performance bond from HTS Holts Company. They just told me last week that they could not do it. I am now going to try someone else.

My Engineer, Joel E. Woods is helping on the new engineering design to use the existing well of Pine Haven to serve 49 taps, by increasing the tank size. It will have to be approved by S.C. DHEC. He is also helping me to get all the information to file with the Public Service Commission.

I am asking for more time to gather all the information needed. Now that I know how to get it, I am asking for a 90 day extension.

Sincerely, Carroll Norman
